Sania Abid

has successfully completed the online, non-credit Professional
Certificate

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The courses, assessments, and courses on this certificate represent non-credit courses taught on Coursera, but they are linked to Coursera and not available to all Coursera courses. Participation in this online certificate program does not guarantee employment or any outcome. This certificate does not include industry-recognized, external credit or degree, and it does not verify the accuracy of the learner.
