KEY TO TRANSCRIPT

Courses at NUML are given on semester basis. One credit normally requires one contact hour a week in class or 2 to 3 hours of laboratory work.

GRADE POINT AVERAGE

Grade points of each course are determined by multiplying the numerical Grade by the number of credits for the course. A Grade Point Average of 2.00 is required for graduation from the University for a Bachelor's & 2 years Masters Degree.

Cumulative Grade Point Average appears on the Transcript of total semesters in the end of the Program.

To compute the Cumulative Grade Point Average, divide the total point earned for all semester by the total credits taken for the

To rate students' academic marks, Grade Points are

percentage

GPA Calculation

The Grade Point Average (GPA) is calculated as follows:

$$\text{GPA} = \frac{\text{Course Credit Hours} \times \text{Grade Points Earned}}{\text{Total Semester Credit Hours}}$$
$$\text{CGPA} = \frac{\text{Course Credit Hours} \times \text{Grade Points Earned}}{\text{Total Credit Hours Taken in all Semesters}}$$

Only two types of GPA will be used; Semester GPA (SGPA) and Cumulative GPA (CGPA). SGPA is the weighted average of grade points earned in one particular semester where as CGPA is the weighted average of grade points in two or more semesters. For the repeated courses, only the most recent grades are calculated even if they are lower than previous one(s) (in case of improvement).

The change in status of student will take effect from the date of announcement of result of repeated / improved course
