F. No. 8/12-6/MET/2026/ Exp

9th July 2026

Subject: **Experience Certificate – Asma Irfan**

This is to certify that **Ms. Asma Irfan** served as a faculty member and taught the course **Psychology** to undergraduate students of the Mechanical Engineering Technology program for two consecutive semesters (one academic year) commencing Spring 2025.

During her tenure, Ms. Asma Irfan demonstrated a high level of professionalism, academic competence, and commitment to student learning. She effectively delivered the course content, fostered an engaging learning environment, and consistently received excellent feedback from students for her teaching methodology, communication skills, and supportive approach.

Her contribution extended beyond classroom instruction by promoting awareness of psychological well-being and emphasizing the importance of mental health among engineering students. She exhibited strong interpersonal skills, integrity, and dedication in all her academic responsibilities.

Based on her performance and professional conduct, we confidently regard Ms. Asma Irfan as a valuable asset to any university or organization, particularly those committed to advancing mental health, student well-being, and quality education.

We wish her every success in her future academic and professional endeavors.
