COMMENDATION

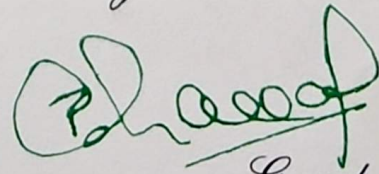

PA- 22233 MAJ ANWAR IQBAL, AVN

Your name has been brought to my notice for your services rendered as a pilot in operation KOH PEIMA. You ensured timely supply of ammunition, weapon systems and rations to forward locations under enemy fire, disregarding your personal safety. Because of your untiring efforts and unmatched sense of responsibility, the troops engaged in most hostile environments were adequately managed.

I congratulate you on this exemplary display of devotion to duty and have directed that a note of your conduct should be made in your record of service / dossier.
