SUMMARY

Hey! I am a highly skilled networking professional, specializing in network security and system administration, with a strong academic background in computer science, along with over 4+ years of experience as a Network Engineer specialist. I am certified by Cisco as a CCNP, Fortinet, and Microsoft as a Certified Solution Expert (MCSE). I use this training and these certifications to establish corporate/enterprise level networks and ensure organizations remain resilient in the face of today's dynamic threat landscape. My expertise extends to conducting security assessments, identifying vulnerabilities, and implementing effective countermeasures. I am committed to maintaining the highest standards of Cybersecurity. I am eager to contribute my knowledge and skills to a dynamic team and further develop my expertise in networking and system security.

Education

Bachelor in Computer Science, 2023

University of Agriculture Peshawar, KPK, Pakistan

Diploma in Information Technology, 2021

Technical Board of Peshawar , KPK, Pakistan

Employment History

Network Engineer January 2020 to June 2024

Corelinks Solution Center (Peshawar, Pakistan) 2020 to 2024

Safecare Tecnology (Islamabad Pakistan) 2024 June to October 2024
