Education

Degree	Institution	Subject/major	Time Period
Doctor of Philosophy (PhD)	University of International Business and Economics, Beijing, P.R. China	Economics/International Economics	September 2016- June 2020
Masters of Philosophy (M.Phil.)	Lahore Leads University, Lahore, Pakistan	Economics	February 2012- August 2014
Masters of Arts (MA)	University of the Punjab, Lahore, Pakistan	Economics	October 2008 -August 2010
Bachelor's of Arts (BA)	University of the Punjab, Lahore, Pakistan	Economics	October 2006 - June 2008

RESEARCH INTEREST

- International Economics and Trade
- Green Economic Development
- Transport Economics
- Environmental Economics
- Micro-economics
- Macro-economics

PhD. Thesis on Economic Development

Trade, Infrastructure and Geography: An Application of Gravity Model on Asian Economies. This study assesses the role of China in Asian countries related to the development of infrastructure connectivity with inter -regional economies. Secondly, simultaneous impact of geographical and infrastructural factors on bilateral exports and then connect to economic development.

MPhil. Thesis on Micro-Economics

Technical Efficiency of the rural-urban public sector education in Pakistan: An Application of Data Envelopment Analysis. DEA is non-parametric linear programming-based technique which is utilized to measure the technical efficiency scores of the rural-urban public sector education including FATA and ICT.
