

Amanullah Solangi

Date of birth: 01/03/2002 | **Nationality:** Pakistani | **Gender:** Male | **Phone number:** (+92) 3063457289 (Mobile) | **Email address:** solangiamanullah28@gmail.com | **Address:** Mehmoodabad, karachi, Pakistan (Home)

● ABOUT ME

A highly motivated IT professional with a Bachelor's degree in Information Technology (BS IT) and specialized experience in the DevOps field. I am passionate about optimizing software development processes through automation, continuous integration, and continuous delivery (CI/CD). With a strong foundation in system administration, cloud computing, and infrastructure management, I thrive in environments that require both technical expertise and problem-solving skills. I am committed to driving efficiency and collaboration within development teams, ensuring the successful and timely delivery of high-quality software products.

● EDUCATION AND TRAINING

10/01/2020 – 20/09/2024 Nawabshah, Pakistan
BS-IT Shaheed Benazir Bhutto University

07/12/2018 – 15/12/2019 Naushahro feroze, Pakistan
INTERMEDIATE BISE Sukkur

19/08/2016 – 11/09/2017 Naushahro feroze, Pakistan
MATRICULATION BISE Sukkur

● HONOURS AND AWARDS

31/12/2017
CIT – MIST

Completed a Computer Information Technology (CIT) short course from MIST Institute, achieving an "A" Grade for exceptional performance.

● DIGITAL SKILLS

Linux | shell scripting | Git | jenkins | Github | docker | Chief | Ansible | kubernetes

● PROJECTS

15/12/2024 – 17/12/2024
CI/CD Pipeline Creation

Developed and implemented automated CI/CD pipelines to streamline the software delivery process. Utilized tools like Jenkins, GitLab CI, and Docker to automate testing, integration, and deployment workflows, ensuring faster and more reliable releases.

25/01/2025 – 26/01/2025
Spring Boot Application Deployment using Docker

Deployed a Spring Boot application within Docker containers to ensure consistent development, testing, and production environments. Utilized Docker for containerization, simplifying the deployment process and enhancing scalability and portability across different environments

● WORK EXPERIENCE

10/11/2024 – CURRENT karachi, Pakistan
DEVOPS INTERN

DevOps internship at Arcana info!

During my internship at Arcana Info, I gained practical experience in DevOps practices, focusing on automating workflows, improving system performance, and supporting deployment processes. I collaborated with the DevOps team to set up and manage CI/CD pipelines using tools like Jenkins and GitLab. I was involved in containerizing applications using Docker and assisting in managing cloud infrastructure on AWS. Additionally, I contributed to the monitoring and maintenance of the production environment, troubleshooting issues, and ensuring smooth deployments. This internship strengthened my skills in automation, cloud computing, and DevOps tools, preparing me for future roles in the field.
