EXPERIENCE

Photographer/Videographer

 Dec 2013 - Present

Ace Studios (by Danish) | Islamabad, Pakistan

I have always been passionate about capturing moments and emotions through my camera. However, I never thought of it as a career option until 2013, when I decided to start a photography startup with some friends. We began by offering our services to local weddings and small businesses, but soon we realized that there was a huge demand for quality and professional photography in various fields. We expanded our portfolio to include fashion photography, street photography, wedding photography, landscapes and corporate events. We invested in the latest equipment and softwares to deliver the best results to our clients.

Photography/Videography is not only my profession but also my passion and my way of expressing myself.

Private Sectors:

I have past working experience with **FEBA Radio Pakistan, S&P GLOBAL, National Commission for Justice and Peace (NCJP Ihr), Red Sun Global, Humming Bird Resorts, WEKAN Pvt.Ltd, Golden Pearl Cosmetics & Zakat Foundation of America.**

Editing Skills:

My professional journey began with a deep-seated curiosity for editing—a skill that quickly became pivotal in my creative field. Recognizing its importance, I honed my abilities by launching and managing my own YouTube channel, showcasing my talent to a global audience. This initial venture into video editing naturally led to an expansion into photography and videography, where I applied my editing expertise to enhance the post-production process, refining visual storytelling with cinematic precision.

Over time, my skill set has evolved to align with the ever-changing demands of the digital media landscape. Today, I am proficient in **Adobe Premiere Pro, After Effects, Motion Graphics, Camera Tracking, and working in 3D space**, enabling me to craft dynamic, immersive visuals that elevate storytelling. These advanced techniques allow me to seamlessly integrate elements, manipulate depth and movement, and enhance compositions with professional-grade effects.

My proficiency extends across major social media platforms—including **YouTube, Facebook, Instagram, and TikTok**—where I ensure that content meets the highest quality standards and platform-specific specifications. With an unwavering commitment to continuous learning and skill refinement, I remain dedicated to achieving excellence in my craft, staying ahead of industry advancements and pushing creative boundaries to deliver compelling visuals that captivate and inspire.
