

PROFILE INFO

Passionate Full Stack Laravel Developer with strong expertise in Laravel, PHP, MySQL, Bootstrap 5, CSS3, and HTML5. I started my professional journey as a Frontend and PHP Developer, and later transitioned into Laravel development. Experienced in developing scalable and secure web applications, optimizing backend performance, and creating responsive frontend interfaces. I enjoy working in collaborative environments and am always eager to learn new technologies and contribute to meaningful projects.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, Bootstrap5, JavaScript (ES6+), jQuery,, Figma / XD to HTML
- Backend: PHP, LARAVEL, RESTful APIs, FastAPI (Basic)
- Database: MySQL, Mongo DB
- Version Control: Git, GitHub
- Cloud & DevOps: AWS (Basic)
- Agile & Collaboration: Kanban, Jira
- Additional Skills: Speed Optimization, On Page SEO, Webpack and NPM

EXPERIENCE

- Jr. Full Stack Developer

Oct-2024 - Current

KPITB, Peshawar Pakistan

Junior Full Stack Developer with experience in Laravel, PHP, MySQL, HTML, CSS (Bootstrap), and APIs. Worked on key projects like the Integrated Advertisement Management System, NGO/NPO Registration Portal, and the E-Abyana System for water billing. Skilled in building efficient, user-friendly web solutions tailored to real-world needs
- Jr. Full Stack Developer

Sep-2023 - Sep-2024

Pakistan Oline Services, Peshawar Pakistan

Worked as a Full Stack Laravel Developer, handling both frontend and backend tasks. Developed a documentation module for the company's product-based software to help clients understand the application's features and usage effectively.
- IT Support Specailist

Sep-2023 - Sep-2024

Pakistan Oline Services, Peshawar Pakistan

Previously worked as an IT Support Officer in the same company, where I was responsible for handling client queries received through email regarding product-related issues. Provided technical support by resolving software usage problems and troubleshooting system errors. Also managed tasks such as creating and maintaining Excel sheets for tracking client queries, performing Windows installations, and resolving general IT-related issues to ensure smooth operations.
- Web Developer Internee

Dec-2022 - Jun-2023

KPITB, Peshawar Pakistan

Completed an internship as a Web Developer at KPITB (Khyber Pakhtunkhwa Information Technology Board), where I focused on frontend development using HTML, CSS, and Bootstrap, along with basic backend work in PHP. Gained practical experience in building responsive and user-friendly web interfaces.

PROJECTS

- IAMS (Integrated Advertisement Managment System)
- This project was developed in laravel framework . Here I design both frontend and dashboard in Bootstrap5 and a backend with PHP Laravel.

The technologies that are used in this project are HTML5, CSS3, Bootstrap5, PHP and Laravel.
