SUMMARY

To pursue a challenging career in the field of Software Engineering with a vision to make a difference in the world. Having an ability to adapt to versatile environments and exceptional communication skills, I aspire to become a social activist and entrepreneur as well.

SKILLS

Web Designing (UI/UX)	(Figma, Microsoft Azure, Git, Github)	(C, C++, Java)
Photography	Videography	Ability to work in a Team

PROJECTS

- BaatCheet- AI Enhanced Online communication framework for differently-abled- FYP
 - Website Hospital Management System (C++)
 - Chatbot using LSTM (AI Technique)
- UI/UX Design Projects (Figma)**
- Coffee Shop Website Design**
Designed a modern and visually appealing coffee shop website focusing on brand identity, responsive layout, and user-friendly navigation.
 - To-Do List App UI**
Created a clean and intuitive interface for a productivity app with features like task management, filters, and priority tags.
 - Blue Capsule Technology (Website Redesign)**
Redesigned the company's website to improve usability, layout structure, and visual consistency using Figma's auto-layout and components.
 - Hestur Website Design**
Designed a sleek and minimal e-commerce website for Hestur, focusing on product presentation, seamless navigation, and responsive layout.

EDUCATION

Bachelor's in Software Engineering from Fatima Jinnah Women University	2020-2024
Intermediate (ICS) from Kallar Kahar Science College	2017-2019
Matriculation from Shaheen Academy Miani	2015-2017

SOCIAL AND VOLUNTEER WORK

Community Work at FG. Sir Syed Primary School Rawalpindi
Working with Microsoft Learn Student Ambassador Women Tech Hub Community as a Video Editor

ACHIEVEMENTS

- Microsoft Learn Student Ambassador Beta
- Videographer lead of Microsoft Learn Student Ambassador
- IT Instructor at Technofies

EXPERIENCE

2 years in UI/UX Designing

- Designed intuitive user interfaces for web and mobile applications, focusing on user-centered design.
- Created wireframes, prototypes, and high-fidelity UI designs using Figma.
- Conducted user research, usability testing, and competitive analysis to improve user experience.
- Collaborated with developers and stakeholders to ensure smooth design implementation.
- **Cloudtek**

I am currently doing an internship at Cloudtek as a Software Engineer, where I am gaining hands-on experience in front-end development. I am working on React-based web applications, focusing on building responsive and user-friendly interfaces.

- **UI/UX Designer**

Worked as a UI/UX Designer at Code Enterprise, created user-friendly web and mobile interfaces. Collaborate with developers and clients to deliver effective and visually appealing designs. Use tools like Figma to create wireframes, prototypes, and final UI screens.

- **CodSoft**

Worked on building responsive websites using core web technologies. Focused on front-end development to deliver visually appealing interfaces. Participated in real-time project tasks, collaborated with team members, and strengthened skills in coding, and visual layout techniques.
