CAREER OBJECTIVES

Teaching and Research

EDUCATION

PhD

Economics, University of Dundee, Dundee, UK. March, 2010

Title: Potential Impact of trade liberalization and fiscal strictness on poverty, inequality and welfare of households. This study analyzes the effects of abolition of import tariffs and the implementation of fiscal strictness on the overall economic performance, sectoral performance and, household welfare and inequality in Pakistan. These are two major recommendations made by the IMF under the SAP - Structural Adjustment Program - to Pakistan. To address the analytical aspects of the study, a computable general equilibrium (CGE) model was formulated, incorporating country-specific features designed to capture special economic conditions and institutional characteristics of Pakistan's economy. The study focuses on the impact of internal and external macroeconomic shocks and of the policies on the economy; especially the welfare of households. Policy changes considered in the study include changes in the tax rates, government expenditures, and abolition of import tariffs."

Accredited Course **Islamic Studies, University of Glasgow, Glasgow, UK.**

MA **Economics, University of Punjab, Lahore (Pakistan),**

BA Economics, Forman Christian College, Lahore (Pakistan),

TEACHING & PROFESSIONAL EXPERIENCE

Associate Professor University of Hafr Albatin, Saudi Arabia, (2016-Till date)

Course Taught: Principles of Economics, Managerial Economics, Labour economics, International Economics, Money Banking and Finance, Microeconomics, Macroeconomics, Economy of Saudi Arabia, Statistics for Business, Consumer Behavior, Engineering Economics.

Administrative and Other Duties at University of Hafr Albatin, Saudi Arabia

- Developing and delivering course material, curricula, and syllabi.
- Organizing course allocations and timetables of teaching of various departments of College of Business.
- Developing and coordinating Diploma Programs

- Developing and coordinating Degree Programs
- Assisting with the training and recruitment of new lecturers, teaching assistants
- Conducting research, publishing papers, and attending conferences.
- Attending academic events and networking with other researchers and field experts.
- Supervising, advising, and mentoring teaching assistants and graduate students.
- Participating in faculty and departmental meetings.
- Shortlisting, interviewing, and selecting students for graduate programs.
- Organizing guest seminars and faculty events where students can interact with established industry professionals.
- Traveling to other higher education settings to gain experience and expand networks.
- Writing proposals to secure research funding.
- Developing internal and external networks to promote collaboration

Assistant Professor ACHB- King Fahd University of Petroleum & Minerals, Saudi Arabia, 2014-2016

Course Taught: Microeconomics, Macroeconomics, Principles of Finance, Managerial Economics, Engineering Economics, Business Statistics, Developmental Economics.

Assistant Professor COMSATS Institute of Information Technology, Islamabad, April, 2010-2013

In charge BS-Economics

Courses taught: Microeconomics, Macroeconomics Mathematical Economics, Managerial Economics, Fiscal Policy, Monetary Policy, Development Economics

Visiting Faculty Quaid-a-Azam University, Islamabad

Courses taught: Poverty and Inequality, Globalization and Economic Integration

Visiting Faculty National Defense University, Islamabad

Courses taught: Empirical Analysis for Public Policy, Managerial Economics

Tutor University of Dundee, UK, 2006- 2010

Courses taught: Economic Analysis for Business Decisions, Applied Micro-, Macro and International Economics, Mathematical Economics

Senior Lecturer Prince Salman College of Commerce, Her Highness Princes Sultana Foundation, Islamabad (Pakistan), 1998-2004

Courses Taught: Microeconomics, Macroeconomics, Mathematical Economics
