Recommendation Letter

To Whom It May Concern:

Saima Misbah served the U.S. Embassy for 18 years and most recently held the position of Administrative Management Assistant. She was a key member of our USAID team, which supported development in Pakistan for over 60 years. Saima demonstrated expertise in procurement, stakeholder coordination, and records management compliance. Her contributions have been invaluable and significantly furthered the effectiveness of our team. Mission Pakistan remains grateful for her dedication and professionalism. I endorse Saima's service to the U.S. Mission and would recommend her to any future employer.

If you have more questions or would like more information, please do not hesitate to contact me or the U.S. Mission.

Sincerely,

Natalie A. Baker
