Wah cantt, Pakistan

SUMMARY

A passionate Electrical Engineer with a strong academic background and practical knowledge, aiming to achieve excellence in my field by being a part of a dynamic team that utilizes my capabilities for mutual benefits of individuals and the organization.

EXPERIENCE

- 07/2024 - 08/2024
- Internship
IESCO Islamabad
- Assisted in power distribution analysis and grid operations.
 - Participated in transformer and substation inspections.
 - Practical knowledge about load management, billing system, consumer handling and energy loss reduction.

EDUCATION

- 09/2021 - 06/2025
- Electrical Engineering
Comsats University Islamabad Wah campus
Bachelor
- CGPA: 3.20/4
 - Final Year Project: AI-driven energy optimization system integrating solar and utility power
- 07/2019 - 03/2024
- Pre-Engineering
The Scholar Science College Wah cantt
FSC
- Marks: 892 / 1100 (81%)
- 08/2017 - 04/2019
- Science
Sir Syed College Wah cantt Campus II
Matriculation
- Marks: 909 / 1100 (83%)

SKILLS

Problem solving	Advanced	Communication Skills	Advanced
Team leading	Expert	Renewable Energy Systems	Advanced
Arduino & Microcontroller Programming	Intermediate	Power Systems & Distribution	Advanced
MATLAB & Proteus	Intermediate	Circuit Analysis & Design	Advanced
