PROFILE

Decisive, multi-domain executive leader with 30+ years of strategic foresight and operational command across Electronics' Maintenance, Logistics, Manufacturing, Information Operations, Academia and R&D. Proven ability to drive results, having commanded three distinct, high-stakes technical units (Avionics, Software Engineering and Telecom). This Expertise is complemented by staff work, management and procurement experience at three major Headquarters (AHQ/GHQ/JSHQ). Continuous professional development in Data Analytics, Business Intelligence, and Digital Marketing guarantees cross-functional agility and immediate operational value.

COMPUTER SKILLS

- Data Analytics (Advanced)
- Computer Based Teaching (Advanced)
- Video Editing (Basic)
- Word / Excel / PowerPoint (Advanced)
- Google Sheets / Doc (Advanced)
- Creative Writing
- Python Developer
- Urdu / Arabic / English Typing

STRENGTHS

- Project Management
- Procurement & Logistic Management
- Effective Written & Verbal Communication
- Strong Computer Expertise
- Versatile Experience
- Quick adjustment ability
- Strong analytical and problem-solving skills
- Strong Aptitude for Teaching
- R&D IN Avionics / Electronics Systems
- Technical / Creative Writing
- Actively acquiring in-demand digital skills
- Data-driven researcher & information synthesizer

LANGUAGES

- English (Fluent)
- Arabic (Intermediate)
- Urdu (Native)

AWARDS

- Sitara-e-Imtiaz (Military) in 2022
- Professional Excellence Badge (2015)
- CAS Commendation Certificate (2012)
- President's Gold Medal from NUST (2006)

RESEARCH WORK

- M-Phil Thesis

Emerging Technologies & their Impact on Global Security

- IRP for MSc Strategic Studies

Religious Extremism in Pakistan : Effects, Causes & Remedies

- MS Avionics Thesis

Electromagnetic Modeling of Microstrip Patch Antennas

INTERESTS

- Teaching
- Learning new Digital Skills
- Computer Based Training

PROFESSIONAL EXPERIENCE

30+ Years Service in Pakistan Air Force

Concluded a distinguished career as Air Commodore

1994 - 2025

Condensed Professional Experience Highlights

- **Commanded** 3 specialized technical units including an Avionics Engineering Workshop, a Flight Simulation Software Development facility, and a Tri-Service Telecommunication Maintenance setup.
- Provided strategic **staff work expertise**, managing operations, procurement, and policy at three major Headquarters (Air HQ, GHQ, JSHQ).
- Applied comprehensive **avionics maintenance expertise** across system and component levels, ensuring reliability through rigorous diagnostics, repair and testing protocols.
- Executed the end-to-end **R&D** cycle for student projects, innovative electronic hardware repair and developing custom software for next-generation Aircraft Simulators.
- Executed assembly and functional testing of **airborne radar systems** in an Avionics Production Factory, ensuring compliance with stringent quality and performance standards.
- Proven expertise in strategic **logistics & supply chain management**, specializing in high-value procurement and implementation of automated inventory systems.
- Spearheaded **Information Operations** (IO) strategy at JSHQ, translating in-depth analysis of **news and social media** into actionable intelligence for creative content development.
- For 4 years remained **teaching faculty at NUST** & delivered lectures on core electronics subjects like Antenna Engineering, Electromagnetics, Microwave Devices & Circuit Analysis to undergraduate cohorts.
- Mentored and supervised multiple **student projects**, while at NUST, from concept to completion, focusing on the design, fabrication, and measurement of antennas and microwave components.
- Managed country-wide Optical Fiber Cable (**OFC**) **network** operations from GHQ.
- Commanded a unit maintaining integrated tri-service multi-layered networks (**OFC, Microwave, SATCOM**).
- **Directed** performance and operation of the PAF's country-wide network infrastructure.
- As **senior-most PAF Networks authority** (ACAS), coordinated with PTCL, MNOs and Tri-Services for seamless communication.

EDUCATIONAL QUALIFICATIONS

Field	Degree Description	Institute / University	Time Frame
INTERNATIONAL RELATIONS & SECURITY	MPhil in Public Policy & Strategic Security	National Defense University, Islamabad	2023 - 2025
	MSc in War Studies	PAF Air War College Karachi / National Defense University, Islamabad	2011 - 2013
	MSc in Strategic Studies	PAF Air War College Karachi / National Defense University, Islamabad	2015 - 2016
ENGINEERING	MS (Avionics Engineering)	PAF College of Aeronautical Engg Risalpur / NUST, Islamabad	2004 - 2006
	BE (Avionics Engineering)	PAF College of Aeronautical Engg, Risalpur / NED University Karachi	1991 - 1994
RELIGION	MA in Islamic Studies	Allama Iqbal Open University, Islamabad	2002 - 2004

PROFESSIONAL DEVELOPMENT (COURSES / TRAININGS)

Digital & Contemporary Skills

Video Editing (Virtual University) | Freelancing (Virtual University) | Data Science for Decision Making (PIM) | Data Analytics & Business Intelligence (Virtual University) | Creative Writing (Virtual University)

Staff Courses

National Security & War Course (NDU) | PAF Air War Course (NDU) | SC&SC (Air War College, Karachi)

Technical & Engineering

Basic RF Engineering (ITE, Singapore) | Grifo-M3/Grifo-7 Radar Maintenance (KARF, Kamra) | Microwave IC Design (E&M College, NUST) | R&S Vector Network Analyzer Operational Training (Rohde & Schwarz (R & S) Pakistan) | Mirage Aircraft Publications Course (PAF)

System-Specific Training from Singapore

ADS (Advance Design System) Customization, Layout & Momentum Training (Agilent) | RF/Microwave Design (R&S) | Probe Station: On Wafer RF Measurements (Cascade Microtech) | PME Repair & System Maintenance (R & S) | Auto Calibration of PME (R & S)

Miscellaneous

Stress Management (PIM) | Internal Quality Auditing (Moody Int'l) | Technical Investigation (Institute of Air Safety, PAF), Logistics Familiarization Course (PAF) | Automated Logistics Management System (ALMS) (PAF) | Urdu-Arabic Conversation (AIOU)
