SUMMARY

I am a dedicated and motivated IT graduate with a Bachelor of Science in Information Technology (BSIT) from Rawalpindi Women University. With a strong foundation in programming, web development, and software systems, I have honed my technical skills through internships in Human Resources and WordPress development. My passion for technology and problem-solving drives me to continually seek new learning opportunities and explore innovative solutions. I am eager to pursue a Master's degree to further specialize in computer science and contribute meaningfully to the tech industry.

WORKING EXPERIENCE

WORDPRESS DEVELOPER

software house | internship-3 months

- During my internship at Code Age as a WordPress developer, I worked on creating and customizing WordPress themes, integrating plugins, and optimizing websites for performance.
- I developed a responsive website from scratch, collaborating with designers and utilizing HTML, CSS, and JavaScript.
- This hands-on role deepened my understanding of both front-end and back-end WordPress development.

HR RECURITMENT

Goa tech Inc | internship-4 months

- During my HR internship, I gained valuable insights into the operational and administrative functions of Human Resources.
- My responsibilities included assisting in recruitment processes, managing employee records, and supporting onboarding procedures.
- I collaborated with teams to implement HR policies and used digital platforms to streamline workflows.
