SUMMARY

As a recent graduate in Software Engineering, I bring a strong foundation in programming fundamentals and software development principles, with a keen interest in cutting-edge technologies. With hands-on experience through projects and coding challenges, I am eager to apply my skills and knowledge in a real-world setting. Additionally, I have a strong passion for digital marketing and a basic understanding of its concepts. I am a quick learner, a team player, and excited to contribute to innovative projects and grow with a dynamic organization that combines technology and marketing expertise.
