

NIMRA KANWAL

New Abadi Sohan, Islamabad | +92-3165830262 | nimrakanwal990@gmail.com

SUMMARY

Flutter Developer with experience in real-time applications, clean architecture, Firebase integration, AI/ML concepts and scalable mobile development. Passionate about writing clean code, building practical apps, and delivering high-quality education.

WORK EXPERIENCE

Flutter Intern - Mobile Application Developer

Evamp and Saanga | Nov 2025 - May 2026

- Working on Chatzo, a real-time Android chat application inspired by WhatsApp.
- Implemented Firebase Cloud Firestore for real-time messaging and data sync.
- Integrated Firebase Authentication for secure user login.
- Developed modular and scalable code using clean architecture + Provider.
- Collaborated with backend developers using Python (Flask) for API integration.
- Enhanced UI/UX with custom chat bubbles, reactions, and responsive layouts.
- Conducted performance testing and debugging for smooth, real-time communication

Flutter Intern - Mobile Application Developer

The Tech Appify | Oct 2025 - Nov 2025

- Developed an Android Fake Celebrity Chat App with simulated conversations and chat export.
- Implemented multiple chat themes (WhatsApp, Facebook, Instagram).
- Used Shared Preferences as backend storage for chat data.
- Added screenshot export with watermark control (free vs paid users).
- Integrated Firebase Authentication and in-app purchase logic.
- Built a Puzzle Brain Game with story-based levels using Get Storage for persistence.
- Applied clean architecture and Provider for state management.

Flutter Intern - Mobile Application Developer

Developers Hub Corporation | March 2025- May 2025

- Developed cross-platform mobile apps using Flutter and Dart.
- Collaborated on app UI/UX design, backend integration, and API handling.
- Worked with SQLite for local data storage and .NET/Python for backend logic in select modules.
- Gained hands-on experience in agile development and Git version control.

EDUCATION

Bachelor of Science in Computer Science (BSCS)

March 2021 – April 2025

Pmas Arid Agriculture University, BIIT Rawalpindi

- Final CGPA: 3.68

SKILLS

- | | |
|----------------------|----------------------------|
| • Flutter | • PostgreSQL |
| • Firebase | • MySql |
| • State Managment | • Python |
| • Clean Architecture | • Google maps |
| • Flask Apis | • Payment Gateways(stripe) |
| • UI/UX Design | • Django(Beginner) |

AWARDS

- Computer Vision and Machine Learning Training (BIIT)
