Urdu

Pashto

WORK EXPERIENCE

Frontend Web Developer (Next.js)

Cruise Motors | UAE -Remote

jun 2025 – july 2026

- Leading frontend development for Netfo ERP using Next.js and TypeScript.
- Built scalable ERP modules including HR, CRM, Finance, Inventory, and Logistics.
- Developed reusable UI components and implemented RBAC-based permissions.
- Integrated REST APIs and managed application state using Redux Toolkit.

Web Developer

CodeNCode - UAE - Remote

Dec 2024 - Jan 2025

- Building scalable and high-performance web applications using Next.js, with a strong focus on server-side rendering (SSR) and static site generation (SSG) to improve SEO and load times. Collaborating with international cross-functional teams, including designers, backend developers, and product managers, to deliver reliable and maintainable software solutions.
- Developed SSR/SSG web applications using Next.js for improved SEO and performance.
- Worked on ERP platforms including Flaxen ERP and COVVO.
- Collaborated with international teams to deliver responsive frontend solutions.

Web Developer

Swiss Technologies, Lahore

Mar 2021 - May-2023

- Developed and maintained responsive, dynamic, and user-friendly web interfaces using React.js, focusing on performance, scalability, and cross-browser compatibility.
- Built responsive React.js applications with REST API integrations.
- Converted Figma designs into production-ready interfaces.
- Improved frontend performance using lazy loading and code splitting.

FEATURED PROJECTS

Netfo ERP System – Enterprise Resource Planning Platform

netfo.co

Tech Stack: Next.js, TypeScript, Redux Toolkit, Tailwind CSS, REST APIs
Built scalable ERP modules including CRM, HR, Finance, Inventory, and Logistics with RBAC, reusable components, and responsive dashboards

Flaxen ERP – Business Management System

erp.flaxenpaints.com

Tech: Next.js, React.js, Tailwind CSS, REST APIs

Developed modular ERP features for Sales, Procurement, and Inventory with SSR-based performance optimization and reusable UI architecture.

COVVO – High-Performance Web App

app.covvo.io

Tech: React.js, Next.js, API Integration, SEO Optimization

Optimized frontend performance, accessibility, and SEO through responsive UI development and efficient API integration.
