RECOMMENDATIONS

Prof. Dr. Shumaila Javeed

I am honored to recommend Mr. Ihtisham ul Hassan, a recent graduate of the Master of Science in Mathematics program at COMSATS University Islamabad. As his instructor and supervisor during his Master of Science in Mathematics at COMSATS University Islamabad, I had the privilege of teaching his two advanced courses: Advanced Numerical Analysis and Numerical Linear Algebra. In both courses, Mohsin demonstrated exceptional academic performance, earning an impressive grade of 'A' in each.

I am confident that Ihtisham has the skills and determination to excel in his future endeavors, particularly in areas requiring advanced computational mathematics, numerical analysis, and interdisciplinary research. His strong analytical skills, programming proficiency, and passion for learning position him as an outstanding candidate for any program in applied mathematics, computational sciences, or related fields. His outstanding performance in advanced coursework, combined with his determination and collaborative spirit, makes himself a strong candidate for any academic or professional program.

Dr. Mansoor Shaukat Khan

It is a pleasure to write this letter of recommendation for Mr. Ihtisham ul Hassan, who was an outstanding student in my Probability Models and Applications and Mathematical Analysis courses. Throughout these courses, Ihtisham ul Hassan demonstrated exceptional aptitude in grasping and applying advanced mathematical concepts to solve intricate problems, distinguishing herself as one of the most capable students in his cohort.

I strongly and unequivocally recommend Mr. Ihtisham ul Hassan. He will undoubtedly make significant contributions to your institution and exceed expectations in his academic and research endeavors. If you need any further details or clarification, please feel free to contact me.
