📍 House No. 401, Shahbaz Street Gulraiz Housing Society, Phase 3 Extension Main High Court Road, Rawalpindi

## SUMMARY

BS Mathematics graduate with strong analytical, problem-solving, and quantitative skills. Well-versed in core areas such as algebra, calculus, and statistics. Passionate about explaining complex mathematical concepts in a simple and engaging way, with the ability to make learning clear, structured, and easy to understand. Seeking opportunities to apply mathematical knowledge in education, research and analytical roles.

## EXPERIENCE

### Mathematics Teacher

Silver Oaks School      📅 08/2025 - 06/2026

An educational institution focusing on student-centered learning

- Taught Mathematics to Grades 6-8, covering algebra, geometry, and arithmetic as per national curriculum
- Designed engaging lesson plans with clear learning objectives and used visual aids to simplify complex concepts
- Tracked student progress through regular assessments and provided extra support, helping improve overall class performance

## SKILLS

Web Research      Digital Literacy and Computer Proficiency

Effective Use of Technology in Teaching and Learning

Presentation and Visual Communication

## STRENGTHS

-  **Attention to Detail**  
Careful in calculations to ensure accuracy and avoid errors
-  **Understanding of Concepts**  
Good grasp of mathematics and ability to apply formulas correctly.

## KEY ACHIEVEMENTS

-  **Enhanced Student Performance**  
Improved student scores through innovative teaching methods.
-  **Tech Integration Success**  
Successfully integrated technology, increasing class participation
-  **Curriculum Development Impact**  
Developed curriculum adopted by school, benefiting students.
-  **Promoted Math Enthusiasm**  
Organized math competition, with student participation

## EDUCATION

### Matriculation

Fauji Foundation School

### Pre-engineering

Joint Staff College

### Bachelor of Mathematics

International Islamic University
