

MUHAMMAD KAIF

BS Artificial Intelligence Student | Aspiring Data Analyst / ML Enthusiast

☎ 03350056615 | ✉ ibbiqavibin@gmail.com | [GitHub: MuhammadKaif-112](#)

CAREER OBJECTIVE

Motivated BS Artificial Intelligence student experienced in data cleaning, EDA, and building machine learning models. Looking for an entry-level role or internship in data analytics or machine learning to apply and grow my skills.

EDUCATION

Qualification	Result
BS Artificial Intelligence (In Progress — 3rd Semester completed) <i>SS c@se IT University</i>	CGPA: 3.00 / 4.00
FSc (ICS) — Computer Science <i>Punjab College</i>	71.25%
Matriculation (Science) <i>Sir Syed Public School</i>	88.9%

SKILLS

Technical Skills	Soft Skills
• Python • C++ • Machine Learning (Logistic & Linear Regression, Random Forest) • Data Analytics (Pandas, NumPy, Matplotlib, Scikit-learn) • SQL	• Communication • Teamwork & Collaboration • Problem-Solving • Time Management • Adaptability

PROJECTS

Netflix Data Analysis

- Cleaned the dataset (missing values, duplicate rows, outliers, categorical encoding) and performed EDA using Pandas, NumPy, and Matplotlib.
- Applied Logistic Regression and Random Forest (Scikit-learn) to classify content trends — accuracy ~88-90%.

Student Performance Prediction

- Cleaned the dataset (missing values, duplicate rows, outliers, categorical encoding) and performed EDA using Pandas, NumPy, and Matplotlib.
- Built a Linear Regression model (Scikit-learn) to predict student performance — accuracy ~88-90%.

Disaster Evaluation Analysis

- Modeled a grid-based disaster environment (e.g., 9x9) with obstacles in Python, designing the state space for evacuation path-finding.
- Implemented and compared BFS, DFS, Hill Climbing, and A* Search to find optimal/feasible paths out of the disaster zone — university AI course project.

EXPERIENCE

Machine Learning / Data Analytics Intern — Code Alpha

Online

- Worked on real-world datasets — performed data cleaning, EDA, and applied ML models; received Certificate of Completion.

Machine Learning / Data Analytics Intern — SoftGrowthTech

Online (Recently Joined)

- Currently undergoing internship; gaining practical exposure to data analytics and ML workflows.

CERTIFICATIONS

- Certificate of Completion — Machine Learning / Data Analytics Internship, Code Alpha.

EXTRACURRICULAR ACTIVITIES

- Cooking — passionate about preparing special and delicious dishes.
- Regular home workout / exercise routine.
