OBJECTIVE

Flutter and Android developer with hands-on experience building Firebase-integrated mobile applications. Currently pursuing BS IT at Rawalpindi Women University (CGPA: 3.72). Seeking a summer internship to contribute to real-world mobile and software development projects while growing within a professional team environment.

EDUCATION

BS Information Technology — Rawalpindi Women University | 2023–2027 | CGPA: 3.72/4.0

HSSC (Pre-Engineering) — Punjab College | 2021–2023 | 80%

SSC — Allied School | 2021 | 98%

EXPERIENCE

Flutter App Internee | Developers Corporation | Dec 2025 – Feb 2026

- Developed and delivered mobile application projects using Flutter framework
- Integrated Firebase backend for authentication and real-time database functionality
- Followed modern mobile development practices throughout the project lifecycle

Freelance Android Developer | Google Play Store | 2026 – Present

- Independently developing and publishing Android applications
- Currently in final testing phase for an AI-integrated app before Play Store release

Support and IT Internee | PNY Training Institute | Mar 2025 – Apr 2025

- Managed and maintained the institute's Learning Management System (LMS)
- Handled customer follow-ups and communication records with enrolled students
- Provided IT support for smooth day-to-day operations

IT Support | 4th International Conference of Sciences | 2025

- Provided on-site technical and IT support during conference sessions and events

SKILLS

Mobile Development: Flutter, Firebase, Dart, Android Studio

Programming Languages: Dart, C++, C#, Python (beginner)

Web & Frontend: HTML, CSS, JavaScript

Databases: MySQL, SQLite, Firebase Firestore

Tools: Git, GitHub, Android Studio, VS Code, Google Colab, MS Office

PROJECTS

DreamScape — AI-Integrated Android App | | 2026

- AI-powered dream journal app using Gemini API — currently in final testing phase for Play Store release
- Stack: Flutter, Firebase, Gemini API, SQLite

Smart Community Safety App | | 2025

- Real-time community safety app with incident reporting, location-based alerts, and user authentication
- Stack: Flutter, Firebase, Dart

GitHub: github.com/nayab-gull-it/smart-community-safety-app

Portfolio Website | | 2025

- Fully responsive personal portfolio built with HTML, CSS, and JavaScript

Live: nayab-gull-portfolio.netlify.app

Pet Shop Management System | | 2024

- Desktop-based system for managing pet inventory, customer records, and billing

- Stack: C#, MySQL

RESEARCH & PUBLICATIONS

First Author — Cross-Domain Log Anomaly Detection Using One-Class SVM: A Unified Model Across HDFS, BGL, and Thunderbird Systems (*Under Preparation, 2026*)

ACHIEVEMENTS & CERTIFICATIONS

- Winner — RWU IdeaFest 2026 (tech-for-good project with teammate)
- Google IT Support Professional Certificate — Coursera
- Provided IT support at the 4th International Conference of Sciences
